Brokerage Platform 2023/24 SNS JU 6G IA European Commission SNS WP & Calls Proposing a Project Contact

## BROKERAGE PLATFORM 2023/24

**This is a Public Brokerage resource for the SNS JU call 2024.**  
*It is operated by the 6GStart Project, in partnership with the 6G IA, as a support to the community for the forthcoming SNS calls.*

**Information for all proposal participants:**  
The SNS JU call 2024 text provides the context for identifying where your interests lie and the topics of the 2024 call (SNS JU Call 3) are used in this tool for you to indicate areas of interest. Draft versions are available in the 6G IA Members Area and the official version will be published on the SNS JU website in December 2023 and linked here.

**Please Note:** as the call topics have changed for the forthcoming call, older submissions to this tool have been removed to allow updated expressions of interest and new projects ideas that fit with the current calls to be posted.

We wish to remind all proposers that SNS JU projects will be complementary in nature requiring all participants to be part of a programme-level Collaboration Agreement and for all projects to participate in programme-level activities such as the Steering Board, Technical Board, metrics for programme-level achievements and topical working groups. Please keep this in mind when dimensioning your projects.

- **SNS Brokerage Platform** - To assist everyone to find projects and participants, we are offering an online Brokerage service where you can present your profile and interests and/or present your project Ideas for potential participants to see.
- **Partner Search Services on F&T portal** help you find a partner organisation for your proposal
- [www.ideal-ist.eu](http://www.ideal-ist.eu)

Partner match/search

- [SNS R&I Work Programme 2024](#) – work programme including the additional conditions of the SNS Call
- [JU SNS FAQ](#) - find the answers to most frequently asked questions on the JU SNS call.
- [Funding & Tenders Portal FAQ](#) – find the answers to most frequently asked questions on submission of proposals, evaluation and grant management.
- [Horizon Europe Programme Guide](#) contains the detailed guidance to the structure, budget and political priorities of Horizon Europe.
- [Research Enquiry Service](#) – ask questions about any aspect of European research in general and the EU Research Framework Programmes in particular.
- [National Contact Points \(NCPs\)](#) – get guidance, practical information and assistance on participation in Horizon Europe. There are also NCPs in many non-EU and non-associated countries ('third-countries').
- [CEN-CENELEC Research Helpdesk and ETSI Research Helpdesk](#) – the European Standards Organisations advise you how to tackle standardisation in your project proposal.
- [For Newcomers in EU grants](#): For information about the "Registration of participants", refer to [this presentation](#) from the Central Validation Service or [check this video](#).
