

**DECISION OF THE GOVERNING BOARD OF SMART NETWORKS AND SERVICES  
JOINT UNDERTAKING No 08/2024**

**On the endorsement of the 6GIA Collaboration Agreement**

THE GOVERNING BOARD,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 2021/695 of the European Parliament and of the Council establishing Horizon Europe - the Framework Programme for Research and Innovation, laying down its rules for participation and dissemination;

Having regard to Council Regulation (EU) 2021/2085 of 19 November 2021 establishing the Joint Undertakings under Horizon Europe<sup>1</sup>, and notably the Smart Networks and Services Joint Undertaking (hereinafter “the SNS JU,

Having regard to the Governing Board Rules of Procedure of the SNS JU, and in particular Article 10,

**WHEREAS**

- (1) By establishing an efficient coordination action through the link of all the SNS JU actions, the SNS JU Private Member ensures that any new project or action undertaken under the SNS JU will also be coordinated and aligned with the overall objectives. This forward-looking approach prevents fragmentation and ensures a coherent and integrated approach across all SNS projects and calls. The holistic approach allows for comprehensive optimization of resources, knowledge sharing, and synergy among projects. It helps identify common challenges and priorities, enabling the development of innovative solutions that can benefit the entire ecosystem.
- (2) At the time of Horizon 2020, all Actions contracted under 5G-PPP Phase 1 agreed at their launch to implement a 5G-PPP program level collaboration agreement meeting

---

<sup>1</sup> This Regulation is also equally named “Single Basic Act (SBA)” or “Founding Regulation” in SNS JU documents; OJ L 427, 30.11.2021, p. 17.

the requirements of Article 41.4 of the Horizon 2020 Model Grant Agreement (Relationship with complementary beneficiaries – Collaboration agreement).

- (3) Under Horizon Europe and its new Model Grant Agreement, as articles 3 and 7 on ‘linked actions’ of the Horizon Europe Model Grant Agreement were not considered anymore as suitable by the Commission to replace former Article 41.4, an amended Annex 5 of the Model Grant Agreement was agreed to include the signature of such Collaboration Agreement by each Beneficiary of SNS JU;
- (4) With this change in the legal basis in view it appeared necessary for 6GIA to revise its Collaboration Agreement in question;
- (5) Although SNS JU is not part of such agreement, for the sake of legality and transparency, and given the broader scope of the Collaboration Agreement (not limited to the respective Grant Agreements), it appears necessary that the Governing Board agrees and endorses its content;

HAS DECIDED AS FOLLOWS:

Article 1

The revised Collaboration Agreement proposed by 6GIA for the signature by all the SNS JU Actions beneficiaries, set out in Annex, is endorsed by the Governing Board.

Article 2

This Decision shall take effect on the day following that of its adoption.

Done at Brussels, on 26 April 2024.

For the Governing Board

Pearse O’DONOHUE  
The Chair

## SNS INITIATIVE COLLABORATION AGREEMENT 2024

### THIS AGREEMENT IS BETWEEN:

The 6G Smart Networks and Services Industry Association (**6G-IA**);

And

Each beneficiary to a SNS Action Grant Agreement with the Smart Networks and Services (SNS) Joint Undertaking (JU) in respect of a particular SNS Action, that has acceded to the present Collaboration Agreement by signing a Declaration of Accession;

And

Each associate partner to a SNS Action Grant Agreement with the Smart Networks and Services (SNS) Joint Undertaking (JU) in respect of a particular SNS Action, that has acceded to the Collaboration Agreement 2024 by signing a Declaration of Accession;

And

Any 6G-IA member, which is not a beneficiary in any particular SNS Action, but that has acceded to the present Collaboration Agreement by signing a Declaration of Accession and is subsequently involved in at least one SNS initiative Working Group;

Each individually referred to as “Party” and jointly referred to as “Parties”.

### PREAMBLE

1. The 6G Smart Networks and Services Industry Association (6G-IA) is an international non-profit association under Belgian law, gathering numerous organisations from industry, research and also SME’s and other associations.
2. On 30 November 2021, the European Commission published at the Official Journal of the European Union the Council Regulation (EU) 2021/2085 of 19 November 2021 establishing the Joint Undertakings under Horizon Europe and repealing Regulations (EC) No 219/2007, (EU) No 557/2014, (EU) No 558/2014, (EU) No 559/2014, (EU) No 560/2014, (EU) No 561/2014 and (EU) No 642/2014 including the Smart Networks and Services Joint Undertaking (SNS JU), hereinafter the Single Basic Act (SBA) and the 6G Industry Association (6G-IA) signed the Commitment Letter on 9 December 2021. The Regulation sets out the basic objectives of the SNS JU, and sets up a Governing Board comprising representatives from the European Commission and members of the 6G-IA. In accordance with Article 161 of the Single Basic Act, the 6G-IA is a member of the Smart Networks and Services Joint Undertaking, together with the Union, represented by the Commission.
3. The SNS Initiative Collaboration agreement (hereafter also called “Collaboration Agreement”) creates a collaboration between all participants of closed and ongoing SNS JU Actions, as further defined herein, including actions funded over the same or different calls. The purpose of such collaboration is to ensure best possible coordination and a programmatic approach amongst all the SNS JU funded actions to achieve the SNS JU Programme’s objectives. To this view, the Collaboration agreement establishes its own governance structure and set of activities:
  - o It sets a framework and cover areas where close cooperation and coordination is needed (e.g. sharing of information, management of outputs, common approaches towards standardisation, common communication and dissemination activities, links with regulatory and policy activities,

contribution to the impact monitoring, access to results and background, etc.) and defines the rules for this cooperation (e.g. dispute settlement mechanisms, confidentiality arrangements, indemnification, etc).

o It comprises the establishment of a structured collaboration of all key actors and of all the SNS JU funded actions in all programme phases, via a specific governance, the SNS Initiative Steering Board and the SNS Initiative Technology Board and the SNS Initiative Working Groups, to coordinate collaboration activities between SNS Actions.”

4. The present Collaboration Agreement creates a link through a written agreement among all the SNS Actions under the JU umbrella in all phases and establish a link between these SNS Actions and other activities carried out under the present Collaboration Agreement, in view to:

- Complement: cooperate with SNS Actions in the same call or phase,
- Precede: building on SNS Actions from former calls or phases, or
- Succeed: SNS Actions from future calls or phases of the SNS Actions.

The present Collaboration Agreement will be used for all SNS Actions which are listed or will be listed on Project Portfolio - SNS JU (europa.eu) (<https://smart-networks.europa.eu/project-portfolio/>). The legal bases for the establishment of such collaboration among SNS Actions’ beneficiaries are, depending on published respective Call conditions:

- Articles 3 and 7 of the Grant Agreement for SNS Actions selected under Call#1;
- Provisions in Part B of Annex 1 of the Grant Agreement for SNS Actions selected under Call#2;
- Annex 5 of the Grant Agreement for SNS Actions selected under Call#3 and future Calls;

SNS JU will finance a number of parallel mainstream RTD and Innovation projects to investigate the different technical concepts and systems as well as optimising their performance and validate their feasibility as indicated in the work programme, which is based on SRIA priorities.

The purpose of SNS JU is that SNS Actions cooperate on common objectives according to Articles 159 and 160 of the SBA. Therefore, each SNS Action needs to plan dedicated tasks and allocated resources for these common activities in order to ensure commitment to the holistic approach in accordance with the provisions of the Grant Agreement for the SNS Action involved.

These SNS Collaboration Activities (also called “Collaboration Activities”) involve the active participation and contribution of signatories of the present Agreement to:

- The SNS initiative Working Groups (also called “Working Groups” or “WGs”),
- The SNS initiative Steering Board (also called “Steering Board” or “SB”), and
- The SNS initiative Technology Board (also called “Technology Board” or “TB”).

All signatories of the present Agreement are expected to be active in these bodies.

Coordination and Support Actions are facilitating and supporting the above Collaboration Activities and the bodies under the SNS Initiative.

The present Collaboration Agreement aims at facilitating the cooperation between different collaborative RTD and Innovation projects and beneficiaries.

5. According to the Model Grant Agreement of Horizon Europe (MGA), the present Collaboration Agreement to be signed between participants in SNS Actions by signing a Declaration of Accession is established in order to implement this SNS Initiative in the context of the following general and specific objectives set out in the Single Basic Act:

- General Objectives of Joint Undertakings according to:
  - o Article 4 – Objectives and principles and
  - o Article 5 – Operational objectives and tasks
- Specific Objectives of the SNS JU according to:

- Article 159 Additional objectives of the Smart Networks and Services Joint Undertaking
- Article 160 Additional tasks of the Smart Networks and Services Joint Undertaking

6. For SNS Actions selected under Call#1, the SNS Action Grant Agreements signed by the beneficiaries provide articles as regards linked actions with specific provisions for cooperation and coordination among SNS Actions, namely:

*ARTICLE 3 — ACTION*

*The grant is awarded for the action [insert project number] — [insert acronym] ('action'), as described in Annex 1.*

*[OPTION if selected for the grant (for linked actions): This action is linked to the action(s) set out in the Data Sheet (see Point 1) ('linked actions').]*

*ARTICLE 7 — BENEFICIARIES*

*[OPTION if selected for the grant: For linked actions, the beneficiaries must have arrangements with the participants of the other action, to ensure that both actions are implemented and coordinated properly. If required by the granting authority (see Data Sheet, Point 1), these arrangements must be set out in a written collaboration agreement with the participants of the other action or, if the consortium is the same, as part of their consortium agreement, covering for instance:*

- *the internal organisation and decision-making processes*
- *the areas where close collaboration/synchronisation is needed (e.g., on management of outputs, common approaches towards standardisation, links with regulatory and policy activities, common communication and dissemination activities, sharing of information, access to background and results, etc.)*
- *settlement of disputes*
- *liability, indemnification and confidentiality arrangements between the beneficiaries in both actions.*

*The arrangements with the participants of the other action must not contain any provision contrary to the present Collaboration Agreement.]*

7. For SNS Actions selected under Call#2, the Grant Agreements signed by the beneficiaries include in Part B of Annex 1 specific provisions for cooperation and coordination among SNS Actions, as follows:

*“For SNS JU grants, as imposed by the call conditions, the beneficiaries must (within 3 months after grant signature, or any other date fixed by the granting authority) adhere to a written agreement, based on the model endorsed by SNS JU, in order to ensure best possible coordination and a programmatic approach amongst all the SNS JU funded actions to achieve the SNS JU Programme's objectives.*

*The agreement sets a framework and cover areas where close cooperation and coordination is needed (e.g. sharing of information, management of outputs, common approaches towards standardisation, common communication and dissemination activities, links with regulatory and policy activities, contribution to the impact monitoring, access to results and background, etc.) and defines the rules for this cooperation (e.g. dispute settlement mechanisms, confidentiality arrangements, indemnification, etc).*

*The agreement should be signed by all beneficiaries of the SNS JU funded actions, and thus creates a partnership between all participants of closed and ongoing SNS JU funded actions, including actions funded under the same or different calls.”*

8. For SNS Actions selected under Call#3 and future calls, the Grant Agreements include in their Annex 5 specific provisions for coordination of SNS Actions, as follows:

*“For Clean Aviation and SNS JU grants, where imposed by the call conditions, the beneficiaries must — before grant signature (or another date specified in the call conditions or agreed with the granting authority) — adhere to a written agreement based on the model set up by the Joint Undertaking, in order to ensure best possible coordination and a programmatic approach amongst all the JU funded actions to achieve the Programme’s objectives.*

*The agreement will set a framework and cover areas where close cooperation and coordination is needed (e.g. sharing of information, management of outputs, common approaches towards standardisation, common communication and dissemination activities, links with regulatory and policy activities, contribution to the impact monitoring, access to results and background, etc.) and define the rules for this cooperation (e.g. dispute settlement mechanisms, confidentiality arrangements, indemnification, etc).*

*The agreement should be signed by the coordinators in the name of their consortia (or by all the beneficiaries where imposed by the call conditions) of all JU funded actions and in line with the accession modalities set out in the agreement, and thus create a partnership between all participants of closed and ongoing JU funded actions, including actions funded under the same or different calls.”*

Unless the call conditions impose the signature of all the beneficiaries, the coordinator on behalf of all beneficiaries and associate partners of that SNS Action sign the present Collaboration Agreement provided the signed Declarations of Accession of all beneficiaries and associate partners in that SNS Action are available.

9. The purpose of the present Collaboration Agreement is:

- (i) to enable Parties inter se to comply with Articles 3 and 7 of the SNS Action Grant Agreement for SNS Actions selected under Call#1, and/or the provisions of Part B of Annex 1 of the SNS Action Grant Agreement for SNS Actions selected under Call#2 and/or the provisions of Annex 5 of the SNS Action Grant Agreement for SNS Actions selected under Call#3 and future Calls, and
- (ii) (to the extent relevant) to implement the SNS Initiative.

## **IT IS NOW AGREED AS FOLLOWS:**

# **1 DEFINITIONS**

## **1.1 Definitions**

Words beginning with a capital letter shall have the meaning defined herein, and where not defined here they shall, for each SNS Action, have the meaning defined either in the Regulation (EU) No 2021/695 of the European Parliament and of the Council of 28 April 2021 establishing Horizon Europe – the Framework Programme for Research and Innovation and laying down its rules for the participation and dissemination (Rules) or in the Grant Agreement for that SNS Action.

## **1.2 Additional Definitions**

**“Accession Date”** means, for each Party, the date of the signature of the Declaration of Accession by that Party joining the present Collaboration Agreement.

**“Affiliated Entities”** as defined in Art. 2 of the SNS Action Grant Agreement of an SNS Action are entities affiliated to a beneficiary within the meaning of Article 187 of EU Financial Regulation 2018/104612 which participate in the Action with similar rights and obligations as the beneficiaries.

**“An Entity under the Same Control”** of a Party means:

- (i) any Legal Entity directly or indirectly Controlling, Controlled by, or under common Control with

- that Party, for so long as such Control lasts; or
- (ii) any other Legal Entity that is listed in Annex 1 part 2 to the present Collaboration Agreement as being an Affiliate of that Party, where such Legal Entity is one in which that Party (or a Legal Entity qualifying as an Affiliate of that Party under (a) directly above) has a 50% equity share or is the single largest equity shareholder.
  - (iii) For the above purposes, "Control" of any Legal Entity shall exist through the direct or indirect:
  - (iv) ownership of more than 50% of the nominal value of the issued share capital of the Legal Entity or of more than 50% of the issued share capital entitling the holders to vote for the election of directors or persons performing similar functions, or
  - (v) right by any other means to elect or appoint directors of the Legal Entity (or persons performing similar functions) who have a majority vote.

**"Associate Partner(s)"** means entities which participate in an SNS Action, but without the right to charge costs or claim contributions. For the purpose of the present Collaboration Agreement, Associate Partners are equivalent to beneficiaries to the SNS Action Grant Agreement in terms of obligations.

**"Collaboration Agreement"** means the present SNS Initiative Collaboration Agreement 2024 (also sometimes called "6G-IA Collaboration Agreement").

**"Sensitive Information"** means any information and data of whatever nature disclosed by any of the Parties of one SNS Action ("Disclosing Party") to any other Party of another SNS Action in connection with the present Collaboration Agreement after acceding to the present Collaboration Agreement, irrespective of the medium in which such information or data is embedded, subject to the various exclusion and other provisions set forth in Section 4.6 below, and,

- (i) when disclosed in tangible form, is marked "*confidential*" or "*sensitive*" or similarly by the Disclosing Party, and
- (ii) when disclosed orally or visually, is identified at the time of disclosure as confidential or sensitive and confirmed in writing (including e.g., in meeting minutes) as being confidential within 30 days after such disclosure.

**"Declaration of Accession"** means a declaration in the form as provided in Annex 1 to become a Party to the present Collaboration Agreement.

**"SNS Action"** means any Action funded by the Smart Networks and Services (SNS) Joint Undertaking (JU) Program and to which the following applies:

- (i) their Grant agreement mentions the obligation to sign the present Collaboration Agreement: or through the activation of Articles 3 and 7 (Linked Actions) or through specific provisions in Part B of Annex 1, or through specific provisions in Annex 5, and/or
- (ii) at least one of the beneficiaries to the Actions listed at Annex 2 hereto agrees, to sign the present Collaboration Agreement.

**"SNS Action Coordinator"** means the Coordinator of a particular SNS Action.

**"SNS Action Technical Manager"** means the person, as the case may be, designated as the Technical Manager in a particular SNS Action.

**"SNS Action Grant Agreement"** means, for each SNS Action, the Grant Agreement that applies to that SNS Action.

**"SNS Consortium Agreement"** means the consortium agreement for an SNS Action.

**"SNS Action Background"** means any and all, data, information or know-how (tangible or intangible) whatever its form or nature, including any IPRs that is/are:

- (i) owned by a Party or that a Party has a right to license, prior to the date it acceded to its SNS Action Grant Agreement; or
- (ii) developed or acquired by a Party independently from the work in the SNS Action even if in parallel with the performance of the Action, but solely to the extent that such data, information, know-how and/or IPRs are used in or introduced into the SNS Action by the Party who owns or has the right to license it.

**“SNS Action Results”** shall have the meaning given to *Results* in the SNS Action Grant Agreement (Article 16.2) to which the Licensor is a *beneficiary* meaning any tangible or intangible effect of the SNS Action, such as data, knowledge and information whatever their form or nature, whether or not they can be protected, which are generated in the SNS Action as well as any rights attached to them, including Intellectual Property Rights. SNS Action Results do not include the effects generated/produced by activities outside of the SNS Action — be it before the SNS Action starts, during its course or after it ends.

According to the SNS Action Grant Agreement in Article 17 results should be disseminated as soon as feasible in a publicly available format.

SNS Action Results are available in the form of (c.f. Horizon Europe proposal template):

- **Type:**

Use one of the following codes:

R:	Document, report (excluding the periodic and final reports)
DEM:	Demonstrator, pilot, prototype, plan designs
DEC:	Websites, patents filing, press & media actions, videos, etc.
DATA:	Data sets, microdata, etc.
DMP:	Data management plan
ETHICS:	Deliverables related to ethics issues.
SECURITY:	Deliverables related to security issues
OTHER:	Software, technical diagram, algorithms, models, etc.

- **Dissemination level:**

Use one of the following codes:

PU	Public, fully open, e.g., web (Deliverables flagged as public will be automatically published in CORDIS project’s page)
SEN	Sensitive, limited under the conditions of the Grant Agreement Classified R-
UE/EU-R	EU RESTRICTED under the Commission Decision No2015/444 Classified C-
UE/EU-C	EU CONFIDENTIAL under the Commission Decision No2015/444 Classified S-
UE/EU-S	EU SECRET under the Commission Decision No2015/444

**“Indirect Utilization”** means that Access Rights for Exploitation granted pursuant to the present Collaboration Agreement shall include the right for a Party and its Entities under the same control to whom such Access Rights are granted to have a third party make, only for the account of and for the use, sale or other disposal by the Party and such Entities under the same control , products or services, provided that the substantial portion of the specifications of such products or services has been designed by or for such Party and such Entities under the same control .

**“Intellectual Property Rights”** or **“IPR”** means: patent, patent applications and other statutory rights in inventions; copyrights (including without limitation copyrights in software); registered design rights, applications for registered design rights, unregistered design rights and other statutory rights in designs; and other similar or equivalent forms of statutory protection, wherever in the world arising or available.

**“Needed”** means in respect of executing or carrying out the SNS Action, and/or in respect of “Exploitation of SNS Action Results”, technically essential and:

- (i) where IPRs are concerned, that those IPRs would be infringed without Access Rights being granted under the present Collaboration Agreement;
- (ii) where Sensitive Information is concerned, only Sensitive Information which has been disclosed in the course of the activities under the present Collaboration Agreement may be considered as technically essential, except as otherwise agreed between the Parties.

**“Access Rights”** means, for each SNS Action, the right to use SNS Action Results under the terms and conditions laid down in the present Collaboration Agreement but excluding the right to use any of a Party’s SNS Action Background, or any IPR created by a Party or one of its Entities under the same control in parallel to and independent of its SNS Action.

**“Licensor”** means the Party which is granting the Access Rights under the present Collaboration Collaboration Agreement.

**“Licensee”** means the Party which is receiving the Access Rights under the present Collaboration Collaboration Agreement.

**“Observer”** in the present Collaboration Agreement means 6G-IA members, which are not beneficiaries in any SNS Action.

**“SRIA”** means the Strategic Research and Innovation Agenda, e.g., of the Networld Europe European Technology Platform (<https://www.networldeurope.eu/>).

## 2 PURPOSE OF THE COLLABORATION AGREEMENT

2.1 The Parties have agreed to put in place the present Collaboration Agreement for the following purposes:

- (i) to enable Parties inter se to comply with Articles 3 and 7 of the SNS Action Grant Agreement for SNS Actions selected under Call#1, the provisions of Part B of Annex 1 of the SNS Action Grant Agreement for SNS Actions selected under Call#2 or Annex 5 of the SNS Action Grant Agreement for SNS Actions selected under Call#3 and future Calls, and
- (ii) (to the extent relevant) to implement the SNS Initiative.

2.2 For the avoidance of doubt, nothing in the present Collaboration Agreement shall be construed to prevent all Parties to a particular SNS Action from agreeing (in the SNS Consortium Agreement of their SNS Action) to additional, supplementing Access Rights (including conditions therefore) or confidentiality obligations, provided that such obligations shall apply only to the Parties of that SNS Action and their participation in that SNS Action. This should be implemented in further specific agreements between the Parties involved.

For the avoidance of doubt the terms of each SNS Consortium Agreement (and not the terms of the present Collaboration Agreement) will govern all terms that apply between Parties to the same SNS Action. The present Collaboration Agreement only deals with terms that apply between Parties to different SNS Actions.

2.3 The parties agree that any provisions within the present Collaboration Agreement shall not be interpreted as contradicting the terms and conditions outlined in their respective Grant Agreement. In the event of any inconsistency between the provisions of the present Collaboration Agreement and the Grant Agreement, the terms of the Grant Agreement shall prevail to the extent of such inconsistency.

### 3 GOVERNANCE OF THE COLLABORATION AGREEMENT

The governance set-up under the present Collaboration Agreement, and detailed below, is separated from the governance of the SNS JU (Governing Board, States' Representatives Group, Stakeholders Group and SNS JU Working Groups) that are detailed and managed according to the Single Basic Act.

#### 3.1 Key Principles:

The key principles for the governance under the Collaboration Agreement are:

- (i) Openness, transparency representativeness, efficient management with minimized overhead, and
- (ii) Collaborative approach while respecting the legitimate interests of all Parties, excluding any top-down decision by a small number of organisations on behalf of the others.

#### 3.2 SNS Initiative Steering Board (“Steering Board” or “SB”)

The Steering Board will comprise of each SNS Action Coordinator (if it is a Party), a representative of the 6G-IA, and a representative of the European Commission as observer. Its role is to provide guidance on the overall partnership initiative, including:

- (i) the cooperation between Actions and joint events to promote results of the SNS Actions, concepts and systems,
- (ii) recommend on collaboration and synchronisation of activities, including but not limited to on management of outcomes, common approaches towards standardisation SME involvement, links with regulatory and policy activities, and commonly shared dissemination and awareness raising activities.

#### 3.3 SNS Initiative Technology Board (“Technology Board” or “TB”):

The Technology Board will comprise of each SNS Action Technical Manager, a representative of the 6G-IA, and a representative of the European Commission as observer. The Technology Board will:

- (i) Organise technical meetings and workshops,
- (ii) Establish calls within the organisation for research proposals to address research gaps,
- (iii) Organize the drafting and publication of relevant technical reports/white papers, reflecting the views/vision/findings/conclusions of a (sub)set of projects/actions, on commonly agreed important technical issues/challenges.

The Technology Board agrees upon an internal regulation, dealing with its internal organization, and procedures, and such internal regulation will take into account the key principles of article 3.1. and all decisions to be carried out in accordance with the terms of the present Collaboration Agreement by appropriate “Terms of Reference.”

#### 3.4 SNS Initiative Working Groups (“Working Groups” or “WGs”):

The Steering Board may decide to set up specific Working Groups on a need basis for activities under the SNS Initiative which require the involvement of more than one SNS Action. The Steering Board will decide the composition of any such Working Groups, their determined period of time and their specific purpose and activities. If established, any such Working Groups will work under the direction of, and will report to, the Steering Board.

6G-IA members, which are not beneficiaries in any SNS Action, may participate as observers in Working Group activities and may contribute to their activities. They can only receive public SNS Action Results but do not get Access Rights.

#### 3.5 SB/TB/WGs participation – Benefits and Obligations:

The members of the Steering Board, Technology Board and Working Groups representing an SNS Action will enjoy the following benefits (non-exhaustive):

- (i) Use of the SNS initiative JU Dissemination and Communication outlets (e.g., website, newsletter, webinars) to improve the awareness and impact of their results and to extend the relevant

- engaged audience.
- (ii) Use of the SNS initiative JU Dissemination and Communication tools (e.g., templates, logos, mail lists) to assist with their D&C efforts and to increase the impact of their results/outcome through the use of a strong identity/ brand name.
- (iii) Access to information about the activities, status and outcomes of the other SNS Actions and exchange of knowledge/results/conclusions with the peer SNS Actions, leading to enhanced insights / common understanding and valuable feedback for each SNS Action
- (iv) Participation in common publications on specific important technical issues and/or vision/strategy reports (based on common discussions and converged results / conclusions), increasing the visibility and impact of the project/action generated Results.
- (v) Increased impact of SNS Action Results in international standardisation based on the common SNS objectives and the overall system approach in the Joint Undertaking.
- (vi) Certificate of active participation and on-time completion of action points (issued by the SB and/or TB chairpersons respectively, also based on feedback from the WG chairpersons) for the projects/actions to use during their project review (proving their commitment to the common goals of the SNS JU).

The members of the Steering Board, Technology Board and Working Groups representing a SNS Action have the following obligations (non-exhaustive), for the duration of their SNS Action:

- (i) Regular attendance (by the Action Coordinator and/or Technical Manager or by a nominated deputy) at the SB/TB/WG meetings/telcos, to represent their respective SNS Action, to provide updates on their SNS Action overall and/or technical progress and to take part in common discussions/decisions and coordination activities.
- (ii) Timely delivery of agreed upon inputs towards the 6G-IA office (as reflected in the SB/TB/WG meeting minutes and/or Action Point list) regarding relevant KPIs/KVIs, which may include (but are not limited to), project key achievements, technical KPIs, program/impact KPIs, survey/consultation results, etc.
- (iii) Timely completion of agreed upon action points for their respective SNS Action (as documented by the SB/TB/WG chairperson in the previous meeting minutes).
- (iv) Contributions to agreed white papers and other common documents.
- (v) Coordination and Support Actions are facilitating and supporting the collaboration activities and the bodies of the present Collaboration Agreement.

In case the beneficiaries in a SNS Action remain inactive in the Steering Board, Technology Board or Working Groups for an extended period of time, meaning for at least four weeks after receiving one reminder and/or fails to provide in a timely fashion the necessary requested input for the common activities as defined in this Section 3 and/or by the internal regulation of each body, meaning that the requested input for the common activities has not been provided for at least four weeks after receiving one reminder, the beneficiaries to the SNS Action involved may be considered in breach of the present Collaboration Agreement. The Governing Board of the 6G-IA, upon proposal of the Steering Board, will be entitled to determine that the beneficiaries in a SNS Action are in breach of the present Collaboration Agreement in accordance with the provisions of its article 7.2.3 (ii) and will decide on the consequences thereof, which may include termination of the concerned beneficiary's participation in the present Collaboration Agreement.

## 4 IPR and ACCESS RIGHTS

The present Collaboration Agreement governs the grant of Access Rights by a Party of its SNS Action Results, to Parties of other SNS Actions, and general cooperation between SNS Actions. In the event Parties from different SNS Actions agree in writing, at their sole discretion, to participate in joint common technical research collaboration, or to otherwise carry out activities which could result in new IPR (whether such IPR could be created solely by a Party, or created jointly with a Party from another

SNS Action), such Parties may enter into a specific agreement, dealing amongst others with ownership and licenses for results created under such cross technical research collaboration.

#### 4.1 General Principles relating to Access Rights to SNS Action Results

- (i) all Access Rights to public SNS Action Results (limited to the dissemination level **PU – public**) herein are granted by one Party of an SNS Action to another Party of another (but not the same) SNS Action and are granted on a non-exclusive worldwide basis and without the right to grant sub-licenses, unless otherwise agreed upon or expressly mentioned herein;
- (ii) no further Access Rights to SNS Action Results with other dissemination levels (**SEN – Sensitive**, limited under the conditions of the Grant Agreement, **Classified R-UE/EU-R – EU RESTRICTED** under the Commission Decision No2015/444, **Classified C-UE/EU-C – EU CONFIDENTIAL** under the Commission Decision No2015/444 and **Classified S-UE/EU-S – EU SECRET** under the Commission Decision No2015/444) are granted hereunder. If the owner of such other SNS Action Results would decide at its discretion to grant further Access Rights to such classified SNS Action Results, further specific agreements with the involved participants of different SNS Action(s) shall be entered into. For the avoidance of doubt, there is no obligation for the owner(s) to provide such further access rights, beyond the Access Rights granted under the SNS Action Grant Agreement, the SNS Consortium Agreement or the present Collaboration Agreement. For the avoidance of doubt, the beneficiaries in SNS Actions are free to agree, in the frame of a written agreement, upon additional Access Rights to be granted to other beneficiaries in other SNS Actions.
- (iii) other than in exceptional circumstances, no transfer costs shall be charged for the granting of Access Rights.
- (iv) Any Party choosing to rely on any deemed grant of Access Rights pursuant to this Collaboration Agreement does so at its own risk as nothing in the present Collaboration Agreement prohibits a Party or any other party seeking by whatever means it chooses to enforce its IPRs or contract or other rights if such Party or other party considers such right is not subject to such deemed grant, for example because the exercise of Access Rights is not Needed as the case may be.
- (v) The obligation to grant and the right to receive Access Rights under the present Collaboration Agreement, unless terminated earlier or agreed otherwise by the Parties, expires three (3) years after the end of the present Collaboration Agreement 2024.
- (vi) The granting of Access Rights may be made conditional on the acceptance of specific conditions aimed at ensuring that these rights will be used only for the intended purpose and that appropriate confidentiality obligations are in place.

#### 4.2 Grants of Access Rights to SNS Action Results (limited to the dissemination level **PU – public**)

4.2.1 A. Each Party (“Licensor”) agrees to grant Access Rights to its public SNS Action Results to each of the other Parties in other SNS Actions (“Licensee”):

- (i) on a royalty free basis, to the extent that the Licensee Needs such Access Rights for implementing its own tasks under its own SNS Action, and
- (ii) on Fair and Reasonable Conditions, to the extent that the Licensee Needs such Access Rights for Exploiting its own SNS Action Results.

In any case the Licensee must demonstrate and substantiate the Need for the Access Rights to the specific public SNS Action Results.

The Licensee shall make a written request to the Licensor from which it requires the Access Rights for Exploiting its own SNS Action Results. The written request shall identify the public SNS Action Results of the Licensor and the own SNS Action Results concerned. Any such Access Rights shall only be granted upon the signature of a written agreement between the Licensee and Licensor and shall not be otherwise deemed granted.

Specific additional provisions for Access Rights to Software:

Parties' Access Rights to Software (i) do not include any right to receive source code or object code ported to a certain hardware platform or any right to receive respective Software documentation in any particular form or detail, and (ii) apply only to object code as generated in the SNS Action concerned by the Party granting the Access Rights.

B. In the case of Calls for Proposals under the conditions of Article 22.5 in the Horizon Europe Regulation,

*Article 22 – Legal entities eligible for participation*

*5. For actions related to Union strategic assets, interests, autonomy or security, the work programme may provide that the participation can be limited to legal entities established only in Member States or to legal entities established in specified associated or other third countries in addition to Member States. Any limitation of the participation of legal entities established in associated countries which are EEA members shall be in accordance with the terms and conditions of the Agreement on the European Economic Area. For duly justified and exceptional reasons, in order to guarantee the protection of the strategic interests of the Union and its Member States, the work programme may also exclude the participation of legal entities established in the Union or in associated countries directly or indirectly controlled by non-associated third countries or by legal entities of non-associated third countries from individual calls for proposals, or make their participation subject to conditions set out in the work programme.*

no Access Rights will be provided to restricted legal entities according to Article 22.5 for all SNS Results from the respective restricted SNS Actions.

C. In the case of economic sanctions or restrictions towards specific countries, legal entities and/or individuals by the European Union and/or EU Member States (hereinafter "Sanctions") the following shall apply: (1) the SNS JU Governing Board will be requested to formulate an opinion whether or not such Sanctions may affect directly or indirectly certain Parties to the present Collaboration Agreement 2024 and potential beneficiaries in new SNS Actions, since they fall under the scope of such Sanctions. (2) based on the opinion of the SNS JU Governing Board, where it is confirmed that the Sanctions affect certain Parties or potential beneficiaries, the Governing Board of the 6G-IA shall decide to terminate the participation of such affected Parties to the present Collaboration Agreement 2024 with immediate effect and the Chairperson of the Governing Board of 6G-IA will provide written notice of such termination to the affected Parties. All Access Rights granted to the affected Parties under the SNS Action Results provided for by the present Collaboration Agreement 2024 will lapse from the date of the notice. Alternatively, the Governing Board of the 6G-IA may decide that beneficiaries in new SNS Actions affected by the Sanctions will not be invited to accede to the present Collaboration Agreement 2024.

D. Export Control

No Party shall be considered to be in breach of the present Collaboration Agreement 2024 if it is prevented from fulfilling its obligations under the Collaboration Agreement 2024 due to a restriction resulting from import or export laws, regulations, restrictions and sanctions pertaining to certain countries, transactions or legal entities or individuals, and/or any delay of the granting or extension of the import or export license or any other governmental authorisation, provided that the Party has used its reasonable efforts to fulfil its tasks and to apply for any necessary license or authorisation properly and in time. Each Party will notify the SNS Initiative Steering Board of any such restriction without undue delay.

4.2.2 For the avoidance of doubt, no Access Rights are granted between Parties to SNS Action Background.

4.2.3 Each Party will, through its SNS Action Coordinator, and subject to the confidentiality obligations

existing under the individual SNS Actions, share with the other SNS Actions, the technical reports created by it within its SNS Action, as required by Article 21.2 of Grant Agreement, but subject always to the confidentiality obligations in Article 13 of Grant Agreement. Each Party will, through its SNS Action Coordinator, share with the 6 G IA the relevant information to allow the 6G-IA to comply with its obligations under the Single Basic Act JU (e.g; the reporting of In-kind contribution to Additional activities according to article 11(2) of the Single Basic Act), subject to the confidentiality provisions of the present Collaboration Agreement 2024.

### **4.3 Access Rights to public SNS Action Results for Entities under the Same Control**

Each Party agrees to grant Access Rights to its public SNS Action Results (limited to the dissemination level PU – public) to any Entity under the same Control of a Party in another SNS Action as if such Entity under the same Control was a Party, and subject to the condition that such Entity under the Same Control shall fulfil all confidentiality obligations towards the other Parties as if such Entity under the Same Control was a Party to the Collaboration Agreement 2024. Access Rights granted to any such Entity under the Same Control are subject to the continuation of the Access Rights of the Party of which it is an Entity under the Same Control, and shall automatically terminate upon termination of the Access Rights granted to such Party. Further, if an Entity under the Same Control fails in any material respect to comply with the undertaking given by it as above, and fails to rectify the non-compliance after being given a reasonable opportunity to do so, all Access Rights granted to it based upon that undertaking shall terminate.

### **4.4 Inability to grant Access Rights due to third parties' rights**

When a Party is unable to grant Access Rights which it reasonably believes that another Party will require under Section 4.2.1, or when the granting of such Access Rights is subject to any limitations or any restrictions which might substantially affect the terms and conditions of the granting of such Access Rights, it will promptly notify in writing such other Party.

### **4.5 Have made rights**

Access Rights for Exploitation include the right of Indirect Utilization.

### **4.6 Confidentiality**

#### **4.6.1 Period of confidentiality**

For any Sensitive Information the period of confidentiality shall be five (5) years from the date of disclosure ("Confidentiality Period"), except if the beneficiary requests a longer period to SNS JU that is accepted and reported to the governance of the present Collaboration Agreement.

#### **4.6.2 Confidentiality obligations**

Each Party undertakes that:

- it will not during the Confidentiality Period of any Sensitive Information use such Sensitive Information for any purpose other than in accordance with the terms of the Collaboration Agreement 2024; and
- it will during the Confidentiality Period use the same standard of care to protect the Sensitive Information as it does with confidential information of its own (and not less than reasonable care) and not disclose the same to any third party without the prior written consent of such owner in each case. Third party as stated in the foregoing sentence does not include, and does not prevent (i) disclosure to Entity under the same Controls in accordance with Section 4.3 above and (ii) disclosure to any external expert outside any SNS Action invited to the Technology Board above or a Working Group, provided that such expert or member has

entered into confidentiality obligations substantially similar to those included in the present Collaboration Agreement prior to such disclosure; and

- it will during the Confidentiality Period only communicate Confidential Information on a need-to-know basis to another Party, an Entity under the same Control or an expert to the Technology Board or Advisory Board member (on terms as stated above); and
- it will during the term of the Collaboration Agreement 2024, when communicating with any Party, an Entity under the same Control, expert to the Technology Board or a Working Group member as stated above, strictly comply with any procedures for marking and handling of documents as decided by the Steering Board.

provided always that such agreement and undertaking shall not extend to any Sensitive Information which the receiving Party can show:

- was at the time of disclosure to or retrieval by the receiving Party published or otherwise generally available to the public, or
- has after disclosure to or retrieval by the receiving Party been published or become generally available to the public other than through any act or omission on the part of the receiving Party or its Entities under the same Control or
- was already in the possession of the receiving Party, without any restrictions on disclosure, at the time of disclosure to or retrieval by the receiving Party or its Entities under the same Control, or
- was rightfully received by a receiving Party or its Entities under the same Control from others, including Entities under the same Control, without any undertaking of confidentiality, or
- was developed by the receiving Party or its Entities under the same Control independently of the performance of the present Collaboration Agreement 2024.

Notwithstanding anything to the contrary, nothing in this Section 4.6 shall be understood to grant or constitute any direct or implied license to any copyright or patent, and each Party (and its Entities under the same Control) shall retain the right to enforce its and their copyright and patents against any other Party in relation to the use, distribution or marketing of any hardware, software products or service.

Nothing in the present Collaboration Agreement 2024 shall prohibit or restrict any Party's right to develop, make, use, market, license or distribute technology or services similar to or competitive with those disclosed in any Sensitive Information of another Party as long as it does thereby not breach the present Agreement. Each Party acknowledges that the other Parties may already possess or have developed technology or services similar to or competitive with those disclosed in the Sensitive Information of a Party.

#### **4.6.3 Communication of information**

For the avoidance of doubt, it is stated that the confidentiality obligations under the present Collaboration Agreement 2024 shall not be interpreted as to prevent the communication of Sensitive Information

- as is needed to be communicated to comply with mandatory applicable laws or regulations or a court or administrative order provided that insofar as reasonably possible the complying Party shall, to the extent permitted by law, prior to such communication, inform the owner of the Sensitive Information of such possible need and shall, as far as is reasonably possible and to the extent legally possible, comply with such owner's reasonable instructions designed to protect the confidentiality of such Sensitive Information;
- subject to Section 4.6. 4 to any Entity under the same Control or to any other third party (including the Commission) insofar as strictly needed for the proper carrying out of the Collaboration Agreement 2024;
- to any third party as strictly needed for technical reasons and insofar as needed for the exercising of Access Rights granted hereunder.

#### **4.6.4 Communication to third parties**

With respect to any permitted communication of any Sensitive Information referred to in the previous Section 4.6.3 by the receiving Party to a third party (including but not limited to its Entities under the same Control and subcontractors) the receiving Party will: (i) ensure that appropriate arrangements are in place prior to any such disclosure, to protect the Sensitive Information to a similar degree as provided in Section 4.6.2; and (ii) use reasonable endeavours to ensure compliance with such arrangements.

## **5 LIABILITY:**

### **5.1 No warranties**

In respect of any information or materials (including SNS Action Results) supplied by any Party to a Party in another SNS Action under the present Collaboration Agreement 2024, no warranty or representation of any kind is made, given or implied as to the sufficiency or fitness for purpose nor as to the absence of any infringement of any proprietary rights of third parties.

Therefore,

- the recipient Party shall in all cases be entirely and solely liable for the use to which it puts such information and materials, and
- no Party granting Access Rights shall be liable vis-à-vis any of the other Parties in case of infringement of proprietary rights of a third party resulting from any other Party (or its Entities under the same Control) exercising its Access Rights.

### **5.2 Limitations of liability**

#### **5.2.1 Liability: general**

Subject to the following provisions of this Section 5.2, the general provisions of Belgian law governing liability (including both contractual and non-contractual liability) shall apply to any claim between the Parties for loss or damage caused by a Party, its employees, agents and Subcontractors and arising in connection with the present Collaboration Agreement 2024.

#### **5.2.2 Excluded liabilities**

To the extent permissible under applicable law and except as otherwise provided specifically below in this Section 5.2.2, in no event shall any Party be liable to another Party for loss or damage caused by a Party, its employees, agents and subcontractors in connection with the present Collaboration Agreement 2024 for any of the following, however caused or arising, on any theory of liability, and even if such Party was informed or aware of the possibility thereof:

- loss of profits, revenue, income, interest, savings, production and business opportunities;
- lost contracts, goodwill, and anticipated savings;
- loss of or damage to reputation or to data;
- costs of recall of products; or
- any type of indirect, incidental, punitive, special or consequential loss or damage.

The foregoing exclusion shall not apply in the case of any breach by a Party of its obligations under article 4.6 (Non-disclosure of Sensitive Information).

#### **5.2.3 Financial limit on liability**

The total aggregate liability of each Party to all of the other Parties collectively in respect of any and all claims (including for loss or damage caused by a Party, its employees, agents and Subcontractors) rising in

connection with the present Collaboration Agreement 2024 shall not exceed 200.000 Euro.

#### **5.2.4 The exclusions and limitations**

The exclusions and limitations stated above shall not apply in respect of any: fraud; death, injury to natural persons or damage to real or immovable property caused by the negligence or wilful act of a Party, its directors, employees, agents and Subcontractors; wilful misconduct, gross negligence, wilful breach by a Party of any obligation accepted under the present Collaboration Agreement 2024; or otherwise in so far as mandatory applicable law overrides such exclusions and limitations.

#### **5.2.5 Damage caused to third parties**

Each Party shall be solely liable for any loss, damage or injury to third parties resulting from the performance of the said Party's obligations by it or on its behalf under the present Collaboration Agreement 2024 or from its use of SNS Action Results

## **6 GOVERNING LAW AND DISPUTES**

- 6.1 The present Collaboration Agreement 2024 shall be construed according to and governed by the laws of Belgium, excluding its conflict of law provisions.
- 6.2 All disputes or differences directly arising in connection with the present Collaboration Agreement 2024, including any dispute in which a Party alleges that another Party has abused its power, which cannot be settled amicably, shall be subject to the jurisdiction of the competent court in Brussels. Such court shall have jurisdiction in the event of a counterclaim made by the defendant in the legal action.
- 6.3 The Parties concerned may instead elect unanimously to seek to resolve by mediation any dispute or difference arising in connection with the present Collaboration Agreement 2024 and which cannot be settled amicably by them.
- 6.4 Notwithstanding the foregoing, any Party shall be free to seek interim injunctive relief or any other temporary measures before any applicable competent court or tribunal, wherever located, in order to seek to prevent or restrain any (i) infringement of its or their IPRs and/or (ii) unauthorized disclosure of Sensitive Information.

## **7 MISCELLANEOUS**

### **7.1 Miscellaneous**

#### **7.1.1 No partnership or agency**

Nothing in this Collaboration Agreement 2024 shall create a partnership or agency between any or all of the Parties, except for the collaboration that is established by the present Agreement.

#### **7.1.2 No implied license**

Except as explicitly granted in the present Collaboration Agreement 2024, no license, immunity, or other right is granted or assigned under the present Collaboration Agreement 2024, either directly or indirectly, by implication, estoppel or otherwise, to any Party or any of its Entities under the same Control with respect to any IPR of the other Parties or their Entities under the same Control.

#### **7.1.3 Enforcement of Intellectual Property Rights**

No Party shall have any obligation under the present Collaboration Agreement 2024 to institute any action or suit against any third party for infringement of any IPR to which it has granted a license hereunder, or to defend any action or suit brought by any third party which challenges or concerns the validity of any such IPR. In addition, no Party to which any other Party has granted an IPR license under the present Collaboration Agreement 2024 shall have any right to institute any action or suit against third parties for infringement of any such IPR.

#### **7.1.4 Assignment and amendments**

Except as otherwise provided under the present Collaboration Agreement 2024, no Party shall, without the prior written consent of the other Parties, assign or otherwise transfer partially or totally any of its rights and obligations under the present Collaboration Agreement 2024. Such consent shall not be unreasonably conditioned, withheld or delayed when such assignment or transfer is in favour of another Party or an Entity under the same Control of the assigning Party or one of the other Parties. Such consent shall be deemed granted where a Party has obtained the agreement of the Parties to its own SNS Action to such an assignment, and (if required) consent of the Commission. Amendments and modifications to the text of the present Collaboration Agreement 2024 require a separate written agreement to be signed between all Parties.

### **7.2 Term and Termination**

#### **7.2.1 Term**

The present Collaboration Agreement shall come into force for each Party as from that Party's Accession Date and shall have retroactive effect as of *[date of entry into force of the first version of the Collaboration Agreement]*.

By the entry into force of the present Collaboration Agreement, the previous Collaboration Agreement of 2023 is repealed.

The present Collaboration Agreement shall continue in full force and effect until the termination, completion or expiry of the last SNS Action, or unless terminated in accordance with this Section 7.2.

#### **7.2.2 Withdrawal/Early Termination**

After signature of the present Collaboration Agreement, no Party shall be entitled to voluntarily withdraw from the present Collaboration Agreement, except as set forth below.

In the event that (i) a Party withdraws from the Grant Agreements of all SNS Actions in which such Party has participated, as well as all of the corresponding SNS Consortium Agreements or (ii) such Party's participation to the Grant Agreement of all SNS Actions as well as all of the corresponding SNS Consortium Agreements is terminated early, each in accordance with the applicable terms of the relevant SNS Consortium Agreements and Grant Agreements, then the Party concerned will be deemed to no longer be a party to the present Collaboration Agreement, with effect from the effective date of withdrawal or termination from the last aforementioned Grant Agreement and SNS Consortium Agreement.

### **7.2.3 General provisions relating to termination or withdrawal**

- (i) Subject to article 4.1 (iv) the provisions of the present Collaboration Agreement shall survive any expiration or termination or withdrawal to the extent needed to enable the Parties to pursue the remedies and benefits provided for in the present Collaboration Agreement.
- (ii) Save in a case due to force majeure, in the event of a material breach by a Party (the "Defaulting Party") of its obligations under the present Collaboration Agreement (i) which is irremediable or (ii) which is not remedied within one (1) month of the date of receipt of written notice from the Chairperson of the 6G-IA Governing Board, such notice requiring that the default be remedied, then the 6G-IA Governing Board represented by its Chairperson may decide upon the consequences of such default, which may include the termination of the present Collaboration Agreement with respect to the Defaulting Party concerned by written notice.

Without prejudice to the provisions of article 5, such termination shall become effective with respect to such Defaulting Party as of the date of receipt of such notice.

For the avoidance of doubt, termination (howsoever arising) or withdrawal from the present Collaboration Agreement shall not affect any rights or obligations incurred under the present Collaboration Agreement in respect of that part of the withdrawing/terminated Party's activities under the present Collaboration Agreement which has been carried out (or which should have been carried out) prior to the date of the termination or withdrawal unless otherwise agreed in the present Collaboration Agreement. A withdrawing or terminated Party (however arising) shall continue to grant Access Rights pursuant to the present Collaboration Agreement in respect of its Results existing at the effective date of its withdrawal or termination (as the case may be). Any and all Access Rights granted to a Defaulting Party shall cease immediately upon receipt by the Defaulting Party of the formal notice of the decision of the Governing Board of the 6G-IA to terminate its participation in the Collaboration Agreement 2024.

### **7.3 Formal notices**

Any formal notice to be given under the present Collaboration Agreement shall be in writing to the addresses and recipients listed in Annex 1 Part 3 of the present Collaboration Agreement, or to such other address and recipient as a Party may designate in respect of itself by written notice to the others.

Notices shall be deemed to have been served when personally delivered or (if transmitted by facsimile, email or otherwise) when transmitted, provided that such transmission is confirmed by receipt of a successful transmission report and confirmed by mail, email.

#### **7.4 Severability**

Should any provision of the present Collaboration Agreement become invalid, illegal or unenforceable, it shall not affect the validity of the remaining provisions of the present Collaboration Agreement. In such a case, the Parties concerned shall be entitled to request that a valid and practicable provision be negotiated which fulfils the purpose of the original provision.

The Parties agree that any provisions within this Collaboration Agreement shall not be interpreted as contradicting the terms and conditions outlined in their respective Grant Agreement. In the event of any inconsistency between the provisions of this Collaboration Agreement and the Grant Agreement, the terms of the Grant Agreement shall prevail to the extent of such inconsistency.

#### **7.5 Accession**

All Parties shall accede the present Collaboration Agreement by signing the Declaration of Accession , individually or through their Coordinator (depending on the call conditions) and submitting it to the attention of the 6G Smart Networks and Services Industry Association (6G-IA), c/o Anne De Moor, legal counsel, e-mail: Collaboration-Agreement@6g-ia.eu

The signature of a representative of a Party received by electronic image transmission (such as portable document format PDF) will constitute an original signature.

The respective coordinator for each SNS Action shall send a copy of all the signed Declaration of Accession to each Party in that SNS Action within sixty (60) days of receipt.

Delivery of the signed Declaration of Accession by electronic image transmission shall have the same force and effect as delivery of the original Declaration of Accession.

**Annex 1:**

**Declaration of Accession to SNS Initiative Collaboration Agreement 2024**

*(this Collaboration agreement supersedes the previous SNS Collaboration agreement)*

**Part 1:** **[Name of Party (legal entity)], (PIC NUMBER)** represented for the purpose hereof by **[name and title of person written out in full (person legally authorised to act on behalf of the legal entity)]** acting as its legal authorised representative, is a beneficiary or an associated partner (hereby considered subject to the rights and obligations of a beneficiary for the purposes of the Collaboration Agreement) to a SNS Action (as defined in the SNS INITIATIVE COLLABORATION AGREEMENT 2024) and/or a Member of the 6G Smart Networks and Services Industry Association (6G-IA) hereby consents to become a Party to the Collaboration Agreement 2024, authorizes to the extent needed the coordinator of the SNS Action to sign the Collaboration Agreement 2024 on its behalf and accepts all the rights and obligations of a Party as set out therein, with effect from the date this Declaration is acknowledged as received duly completed by
