

# Smart Networks and Services International and European Cooperation Ecosystem

## SNS JU Vertical Engagement Tracker

Monday 28 April 2025

Maria Giuffrida, Trust-IT Services

Online platform mapping and monitoring the **use cases** developed by the SNS JU R&D across several **industry domains**. These are interlinked to **relevant vertical associations**, also mapped in the tool

 <https://sns-trackers.sns-ju.eu/>

- **283** use cases mapped to date from OC1 and OC2 projects
  - **237** belonging to 11 key vertical sectors
  - **46** general or in minor verticals
- **59** projects mapped from OC1 and OC2
- **25+** locations (EU Countries)
- **6** project types, from **simulations** to **trials**
- **82** additional uses cases from **7** projects funded via cascade funding mechanisms (projects' open calls for third-party financial support)
- **11+** mapped functionalities
- **11** vertical associations mapped for the key vertical sectors

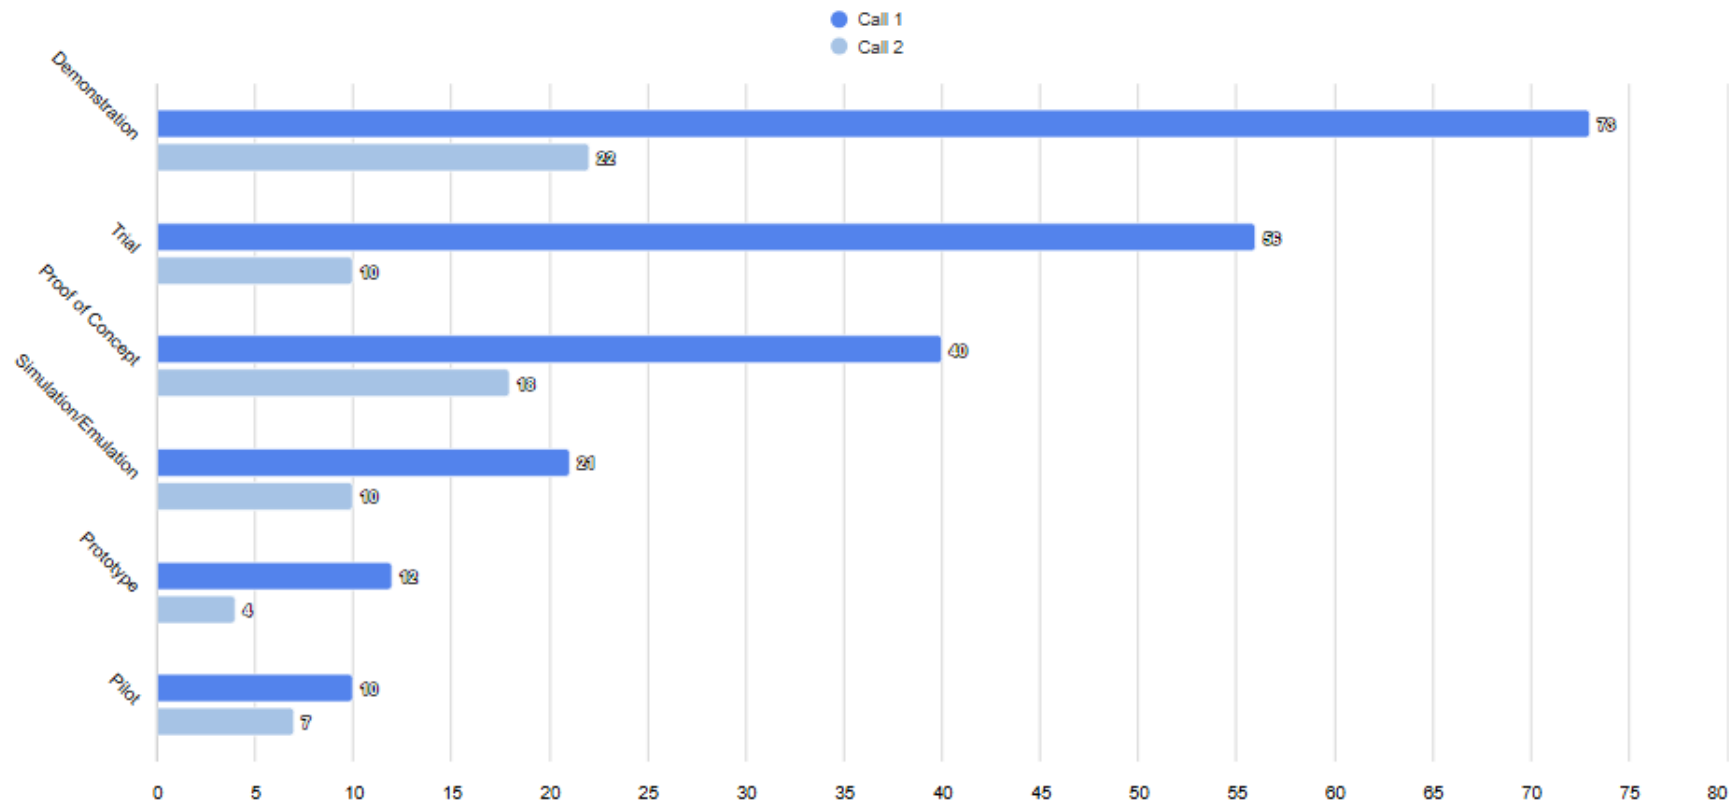

- **Filtering** possibility by call, industry, experiment type, country and functionality
- Embedded automatic **charts, with dynamic filtering options**

Industry 4.0 and Media/xR dominate both calls, but there is also a good share of use cases in “other” verticals, including general cross-sectoral ones

Call 1 and 2 use cases type

Over one third of the use cases have a good degree of maturity, being in the trial, prototype or pilot stage

Smart Networks and Services International and European  
Cooperation Ecosystem

# Thank you for you attention!

The logo consists of the text '6G' in a large, bold, blue font, followed by 'SNS' in a smaller, bold, black font, and 'ICE' in a smaller, bold, blue font below 'SNS'.
